Pan-European GAIA-X Summit on the 18th and 19th of November 2020

Join the event virtually and pre-register now!

Join Peter Altmaier, the German Federal Minister of Economic Affairs and Energy (tbc), Bruno Le Maire, the French Minister of the Economy, Finance and the Recovery (tbc), and Thierry Breton, Commissioner of the European Commission (tbc) when they open the next phase of GAIA-X AISBL (in incorporation) („GAIA-X“). Get a firsthand introduction to the initiative, benefit from and contribute to inspiring talks, and be part of the joint creation of GAIA-X. Meet other members from different countries virtually. Celebrate this outstanding venture with us and connect with the people who make the vision of an ecosystem driven by European values happen.

Pre-register now

What is GAIA-X?

GAIA-X is a digital ecosystem regulated by its members. We are working together to create an environment in which data can be shared and stored under the control of data owners and users; and where rules are defined and respected, so that data and services can easily be made available, compiled, and exchanged. GAIA-X has the potential to create unprecedented opportunities for innovative, data-driven business models and new solutions that help European companies of all sizes and industries to scale up and compete globally.

GAIA-X will

- create a digital infrastructure and an ecosystem for innovation in a trusted environment
- increase the transparency and attractiveness of digital services
- strengthen the digital sovereignty of business, science, government and society, and
- increase private and business customers' independence and control over their data

How can you get involved in the European Initiative GAIA-X?

The GAIA-X Summit is a great way to learn more about GAIA-X. Get involved!
