

Egyptian Fragrance Association (EFA)

Cairo, 20-5-2021

Dear sir(s),

It gives us much pleasure to contact your esteemed company as one of the global market leaders in the field of essential oils.

Being a one of the international family, we are highly enthusiastic to communicate and interact with all industry stakeholders with a great passion to be one of the most important essential oil producers in the Middle East soon.

About EFA

Egyptian Fragrance Association (EFA) is a newly born union based in Gharbia Governorate, Egypt. The land of jasmine, Noreli and other aromatic plants.

Despite the recent establishment, EFA was able to gather 573 farmers with a total of 833 hectares (2000 acres) and 15 producers of essential oil in Egypt to launch the most promising entity in the Egyptian and Middle East market. They have decided to unify together so as to be able to defend farmers' and producers' rights.

EFA strives to rapidly gain its position in the international market, armed with its strong strategic vision, members' competencies, huge capabilities of all success requirements, and ambitions of thousands of local citizens for a better future depending on that unique industry.

In its first season, EFA was able to produce 750 liters of premium pure Noreli oil which is inspected and packed according to the highest international standards and ready for export.

Our History

For years, Egyptian Jasmine has been proved to have the best quality ever all over the world as a result of the special characteristics of the exceptional soil of our area, in addition to the whole cultivation and extracting process.

EFA members are those who really grew the Egyptian remarkable historical success globally and could support all existing Egyptian entities to gain

We strongly believe that entity's strength is always measured by its capabilities and competencies, not by its age.

Why We Contact?

- **EFA board of director has decided to grant a 3% or 5 % lifetime discount to the first international company to cooperate with according to the level of cooperation.**
- We are highly excited to introduce our newly born organization to the international market with a great passion to cooperate and integrate with our peers in the sector and with those who have remarkable success stories as well.
- EFA planned for fruitful strategic local and international business partnerships as one of its strategic goals and keys to its desired success.
