

B20-G20 DIALOGUE ON FINANCE AND INFRASTRUCTURE - ACCELERATING SUSTAINABLE AND INCLUSIVE GROWTH

Monday 5 July, 1.00 - 2.30 p.m. CEST

The B20-G20 Dialogue on Finance & Infrastructure – "Accelerating sustainable and inclusive growth" is organized by the B20 Finance & Infrastructure Task Force.

On behalf of the G20 Presidency, the event will be attended by the Italian Minister for Economy and Finance, Daniele Franco. The B20 will be represented by the Chair, Emma Marcegaglia, the Chair of the Task Force Finance & Infrastructure, Carlo Messina, as well as by the Co-Chairs of the Task Force and by representatives of Network Partners, Advisory Board and the International Advocacy Caucus.

The Dialogue aims to strengthen the outreach of the B20 advocacy process, focusing on the main priorities identified through the work developed by the 132 members of the Task Force Finance & Infrastructure.

With the purpose of conveying to the G20 actionable and impactful recommendations on the actions needed to ensure an effective response to the Covid-19 crisis and establish a framework able to accelerate sustainable and inclusive growth, the Dialogue will focus on the following priorities:

- Promote impact investing, sustainable finance and financial inclusion by accelerating the adoption of global sustainability reporting and measurement standards and by fostering access by individuals and micro businesses to affordable financial products and services;
- Enhance infrastructure financing by incentivizing investments in sustainable infrastructure projects, implementing infrastructure as an asset class, supporting cross-border planning and investing, and by fostering projects of urban and suburban regeneration;
- Support sustainable economic growth by fostering SMEs access to capital, promoting open innovation ecosystems, accelerating digitalization and innovation processes in the financial sector, and by increasing the efficiency of new global and regional value chains;
- Promote a global policy environment that can support economic recovery after the Covid-19 crisis by reviewing the financial sector regulatory framework and by addressing systemic and pandemic risks through innovative solutions involving the cooperation between Public and Private sectors.

Dear guest please find here the reserved link to join the live stream of the event:
